

Shear test fixture ASTM D5379

Standard Test Method for Shear Properties of Composite Materials by the V-Notched Beam Method (the Iosipescu method)

Item-No.:	THS600- ASTMD5379
Force capacity:	50 kN
Opening:	18 mm - 19.5 mm (maximum 23 mm)
Standard coupling:	Af318 mm Further couplings on request
Body:	Steel
Weight:	10 kg
Scope of delivery:	1 pair of grips incl. compression probe
