 <p>The diagram shows a cross-section of a female adapter. It features a central circular hole. Two smaller holes are positioned symmetrically on either side of the center. Dimension lines indicate a vertical distance of 10 from the top edge to the center of the main hole, a horizontal distance of 20 between the centers of the two side holes, and a diameter of Ø8 for the side holes.</p>	<p>L2 = 2 holes in female adapter 2 Bohrungen im weiblichen Adapter</p>
