Pincer grip with spring

Small spring action pincer grips.
Versatile, easy to use. Suitable for small forces, pull tests, tear test on components, adhesive bonds, plastic weldings (paper, plastics, rubber) etc. Chain mounting for flexible positioning.

THS205k: Standard with chain
THS205k-F: Without chain (adapter is mounted directly on the pincer grip).

Item no.:	THS205k
Tensile force:	10 N
Jaws:	See page 3
Body:	Aluminium, anodized
Temperature range:	0 … +180°C Further temperature ranges on request
Weight:	98 g incl. jaws and chain (THS205k) 61 g incl. jaws (THS205k-F)
Scope of delivery:	THS205k: 1 pincer grip incl. chain THS205k-F: 1 pincer grip without chain Jaws must be ordered separately
